In recent years, there has been a growing interest in the experiences of Muslims in Europe. Much of this attention has focused on the challenges that Muslims face in integrating into European societies. However, there has been less attention paid to the ways in which Muslims are adapting to and shaping their new urban environments.

Faithfully Urban: Pious Muslims in a German City is a groundbreaking work that offers a nuanced and insightful look at the lives of devout Muslims living in Berlin. The book challenges stereotypes and provides a rich and complex portrait of the Muslim community in Germany.

Based on extensive ethnographic research, *Faithfully Urban* explores the religious practices, social networks, and everyday experiences of pious Muslims in Berlin. The book examines how Muslims negotiate the tensions

between their religious beliefs and the secular values of German society. It also sheds light on the ways in which Muslims are creating new forms of religious expression and community in the urban context.

Faithfully Urban is a must-read for anyone interested in Islam, Muslims, or the changing face of European cities. The book offers a unique and valuable perspective on the challenges and opportunities facing Muslims in the 21st century.
