Their stories are often untold, but they are no less heroic than those of the soldiers who fought on the front lines. In fact, their actions may have been even more courageous, because they risked their lives not only for their country, but for people they had never met.

Bernard Fleischer's book, *Heroes With No Names*, tells the stories of some of these remarkable people. He recounts the story of Miep Gies, who hid

Anne Frank and her family in her attic for two years, and Irena Sendler, who smuggled thousands of Jewish children out of the Warsaw ghetto.

Fleischer also tells the story of Oskar Schindler, a German businessman who saved the lives of over 1,100 Jews by employing them in his factory. And he tells the story of Raoul Wallenberg, a Swedish diplomat who saved tens of thousands of Jews by issuing them protective passports.

These are just a few of the many heroes who risked their lives to save Jews during the Holocaust. Their stories are a testament to the power of human compassion and the indomitable spirit of those who stood up to evil.

*Heroes With No Names* is a moving and inspiring account of the Holocaust that will stay with you long after you finish reading it. It is a book that will give you hope in the darkest of times and remind you of the power of the human spirit.
